Provides ultimate peace of mind with:

- **Cash Advance**
- **Attorney Advisory Services**
- **Emergency Message Center**

MASA

**THIS PLAN COULD
SAVE YOUR LIFE. AND
YOUR LIFE SAVINGS.**

ANY GROUND. ANY AIR. ANYWHERE.™

Did you know that ambulance and medical airlift services may not be covered by Medicare?

One trip to the hospital could cost you up to \$50,000 or more.

That's why there's MASA, the premier provider of pre-paid medical transportation solutions.

HERE'S PROOF

"Two years ago, my husband had a stroke and needed to be flown to the hospital since it was during rush hour and time was of the essence. I found out the cost: **\$24,952.00.**

MASA took care of the whole bill!"

—E. Clouse

"All the details involved in getting our motor home and tow vehicle returned home were handled professionally and as promised.

Significant help during a very difficult time." —N. & R. Windle

"After I was hospitalized away from home, MASA stepped in and flew us by air ambulance to our local hospital to be near family and friends. There was no hassle whatsoever. They later transported our car and belongings to our home and sent a large plant to the hospital. **I certainly recommend this company to all. What's not to like?"**

—M. Simpson

MASA BENEFITS GO A LONG WAY

Whether home or traveling, MASA provides best-in-class emergency medical transportation—and protects you from catastrophic financial loss.

All of these services at absolutely no additional cost to you:

By Air. Need specialized treatment not available locally? You'll be flown to the nearest appropriate medical facility.

By Ground. A ground ambulance will take you to and from the hospital and/or air ambulance.

Organ Retrieval. MASA transports organs for transplants.

Organ Recipient Transportation. You'll be flown to the commercial airport nearest the medical facility where the transplant is scheduled.

Recuperate close to home. If you're hospitalized more than 100 miles from home and have your treating physician's approval, MASA will transfer you to your local hospital to recuperate.

Return services. If you're hospitalized more than 100 miles from home and are released by your treating physician, MASA will arrange for your return home.

Escort Transportation. Need emergency air transport? Your spouse, family member or friend can fly with you, space permitting.

Visitor Transportation. Hospitalized away from home for more than 7 days? MASA will fly a family member or friend to you via common carrier air transportation, roundtrip.

Minor Children/Grandchildren/Pet Return. Young kids or grandkids left unattended due to your medical emergency will receive one-way common carrier air transport, with a qualified attendant, to the commercial airport nearest their place of residence, and pets to your residence.

Vehicle Return. Any cars, vans, RVs or trucks you own or rent will be transported to your place of residence; rental vehicles can be returned to the nearest rental company office or agent.

Mortal Remains Transportation. Service provided if more than 100 miles from your residence.

*Full benefits and descriptions can be found in the Member Service Agreement.
